

St Helens College

Would you like to join our Board of Governors at St Helens College?

St Helens College is a large dynamic Further Education College in Merseyside, with over 9,000 students and a turnover of £29m.

The College's mission and core values are focused on the student and on the College's core activity of teaching and learning. Putting students first and at the centre of everything that we do, aspiring to excellence and helping people to reach their full potential is the College's primary goal.

St Helens College delivers a wide range of education and training programmes across two campuses. The Technology Centre at Pocket Nook includes excellent facilities and resourced workshops to enhance the students' learning experience.

The Town Centre Campus boasts a brand new building with state of the art facilities to support a wide range of courses for all abilities from entry level to full Honours Degrees.

As a voluntary College Governor, you do not need to have an educational background, but you will need to be committed to raising standards and achieving excellence, to have the ability to think strategically, and to also have a strong desire and commitment to changing lives. The role of Governor represents many development opportunities for you whilst you are serving the local community.

St Helens College is committed to equality and diversity and we encourage applications from people with disabilities and members of the black and ethnic minority communities, who are currently under represented amongst our Governors.

For more information about becoming a College Governor, please contact Christine Jones, Clerk to the Corporation on 01744 623104 or email cjones@sthelens.ac.uk
